

Picklist Manager

Fixing the disconnect between pick lists and data

Good Picklists make data entry easier.

So why is making a good Picklist so hard?

And why do we have so much data that doesn't match the list.

Finally... an easy to use solution to the Picklist management nightmare.

Picklist manager delivers on the promise of having a non-technical user administer your SalesLogix Picklists **using their regular SalesLogix Login!!**

Features

- Works with ANY SalesLogix Login
- Add entries visible to ALL users
- Convert personal entries to public

Pick List to Manage: Product Group
